

## **Barton Conspicuity Squawk '7365'**

**Effective of 1<sup>st</sup> December 2016**

Aircraft will be instructed to squawk 7365 on initial contact with 'Barton Information'.

Pilots **MUST NOT** squawk 7365 until instructed to do so by 'Barton Information'

Those aircraft which are not transponder equipped should advise "Negative Transponder".

The instruction to squawk '7365' includes the selection, where fitted, of Mode 'C' on the aircraft transponder.

Companies and operators (e.g. Air Ambulance and Police) who operate under pre-assigned UK SSR Code Allocation Plan will not be required to squawk '7365'.
